

MATERIAL SAFETY DATA SHEET

TRIPHALA DRY EXTRACT

- 01) **Chemical Product Trade Name** : Triphala Dry Extract
Appearance : Light Brown to brown colour powder.
Composition : Extract made from fruits of *Emblica officinalis*,
Terminalia chebula and *Terminalia bellerica*
- 02) **CAS Number** : 857906-76-4
- 03) **Composition Chemical Identity** : Tannins
- 04) **Hazard Identification** : No ill effect on health (Natural Product)
- 05) **First – aid measures** : Not required – Avoid eye contact.
- 06) **Fire hazard and fire fighting measures:** It is not a flammable product.
a) Flash point : N/A
b) Hazardous Combustion Product : None
c) Extinguishing Media : Not required
d) Special Exposure Hazard : Not required.
- 07) **Accidental Release** – Will not affect any product – if leakages wash with water or just rub with duster.
Leak – and – Spill : Nil ill-effect for health.
Personal Protection : Not required.
- 08) **Handling & Storage Measure.**
1. Handling containers: General.
2. Storage condition of containers: Keep it protected from moisture and sun light.
- 09) **Exposure controls & personal protection measures** – No special treatment required.
- 10) **Physical & Chemical Properties**
Physical State : Powder
Appearance : Light Brown to brown colour powder
- 11) **Reactivity date** : As the Triphala is a natural gifted by god does not have any chemical reaction with the food items.
Stability : Product is very stable under the prescribed storage condition.
- 12) **Toxicological Properties**
Toxicity : Non Toxic
Skin Contact : None
Inhalation (Chronic) : None
Eye Contact : Slight
- 13) **Toxicity Data**

Toxicity data on human beings is not available.

14) **Ecological Information**

Ecotoxicity : None Reported.

The material will not cause any disturbance in waste water treatment plants.

15) **Waste Disposal**

Leak – and – spill procedure : Sweep up and store in normal dust bin.

16) **Transportation** : IATA not regulated.

17) **No Special Condition** : Transport in normal measure.
